MEMORANDUM FOR THE RECORD

SUBJECT: Classified Material Held in SA/DCI [redacted]  
Office in EOB

STAT

1. I had occasion to speak with [redacted] this afternoon STAT  
on another topic and told him that some were wondering what had happened to  
the classified material stored in his office prior to his move to the Navy  
Yard where he is housed in a vaulted area with Admiral Turner. [redacted] said STAT  
that except as outlined in paragraph two below, he had provided all classified  
material to [redacted] for a determination as to whether STAT  
or not to destroy or return to the office of origination. The matter was  
left in their hands to deal with.

2. [redacted] said that non codeword, SECRET, and CONFIDENTIAL material STAT  
pertaining to the work he was doing as DCI representative on the Commerce  
Task Force had been securely transferred to his office at the Navy Yard in  
connection with Admiral Turner's instructions to him and me to assemble  
material on particularly significant topics eventually for Turner's review  
and return to me for any future DCI or DDCI reference. This is the only  
file he is working on in connection with this effort. I told [redacted] that STAT  
this was appropriate and that I looked forward to the return of the Commerce  
material at an appropriate time. STAT
